Dear Parents

We have selected some pupils for the Primary 6 Mathematical Olympiad training.

In line with the Ministry of Education's emphasis on developing our pupils' potential to their fullest, we have enlisted the help of RECMEL - Resource Centre for Math Educators and Learners, to act as the consultant for the school's Mathematical Olympiad programme.

The objectives of this programme are three-fold:

- to develop higher-order problem solving skills
- to stimulate critical thinking in Mathematics
- to provide deeper insight into challenging Mathematics problems

The fee for each participant is \$120.00 for this 15-hour programme. This amount will be paid through the pupil's Edusave Account. If your child is not eligible for the use of the Edusave Account, please make payment in cheque to Woodgrove Primary School. Payment (via Cheque / Edusave) will be collected after your child has attended the second lesson.

Please note that there will be no refund after confirmation of attendance (from the second lesson onwards). There is also no make-up lesson if your child is absent for any of the lessons. Do take note of the schedule attached on the next page.

Thank you,

Mrs Sim York Sing
HOD (Mathematics)
