Dear Parent/Guardian,

SwimSafer 2.0 Programme for Primary 3

SwimSafer 2.0 is a national water safety programme in Singapore introduced in July 2010 by the National Water safety Council (NWSC). In 2013, NWSC transferred full ownership of SwimSafer 2.0 to Sport Singapore. Swimming has also been included in the Physical Education Syllabus from 2012.

The SwimSafer 2.0 Programme consists of six progressive stages, each comprising 12 hours of lesson time. Survival and activity skills are taught in each stage of the programme, working progressively toward the next stage with an instructor to student ratio of 1:10. At the end of each stage, each child will receive a stage completion certificate indicating his/her individual skill achievements. A badge will be awarded upon the completion of each stage.

In addition, each child will be awarded a coloured pin upon completion of each stage 4 to 6. Currently, the Singapore Lifesaving Society (SLSS) acts as SwimSafer's Secretariat, dealing with matters of assessment administration.

The programme aims to teach swimming proficiency and water survival skills to children to minimise drowning incidences in a fun manner. These skills are necessary in view that more than 60% of drowning incidences in Singapore (from 2005 to 2008) occurred in open waters, such as the seas, rivers and reservoirs. All students are required to attend the SwimSafer 2.0 Programme.
