CELEBRATING THE WOODGROVIAN EXPERIENCE

The Primary 4 Woodgrovians had an exciting Term 4, filled with fun, enriching, and educational activities. They celebrated Children's Day at the inaugural carnival, a day brimming with games, laughter, and joy. Later in the term, they participated in a learning journey to Kreta Ayer Heritage Gallery, where they explored the contributions of Chinese communities to Singapore's development. This journey highlighted the significance of Singapore's rich history and multicultural heritage while bringing to life the diverse stories of those who have shaped our vibrant society. As part of our "Celebrating Our Grands" activity, they expressed heartfelt gratitude to their elderly family members through meaningful gestures and handmade crafts created during Art lessons. These moments of joy, learning, and appreciation beautifully reflect the Woodgrovian experience, enriching their lives both in and beyond the classroom.
